

DRAGON-FLYER!

BUILDING STEPS

What do you get when you combine two LEGO® sets from different themes? The answer: whatever you can imagine! We gave our LEGO Master Builders two very different sets and asked them to come up with something crazy. What we got is the buzzing, soaring jet-powered Dragon-Flyer!

Build it yourself using pieces from LEGO City #7726 Coast Guard Truck with Speed Boat and LEGO Agents #8634 Mission 4: Turbocar Chase!
